# Alcohol

---

All beverages must be consumed in the designated facility. Alcohol can only be served by a licensed DHS bartender. The bartender fee is \$200 per bartender, with a bartender required for every 75 guests for beer and wine, and for every 25 guests for a beer, wine, and liquor. All events wishing to have a bar must submit an [alcohol authorization form](#) at least 7 business days in advance and must contain food in sufficient quantities. Last call will be half hour prior to the removal of food and will be noted on the BEO.

Bars include compostable glassware and napkins. Consumption of beverages will be tracked, and client will be billed based on that amount. Full bar with liquor is billed per person based on the number of people that event was booked for. Bar glassware can be added for an additional charge of \$1.50 per person and will require a service attendant in addition to the bartender.
